

Luton Town Ladies F.C.

Saturday November 19th 2011
League Match
Luton Town 1 - Bedford 0

It Was Ugly But Nat's The Way To Do It

Ian and Craig summed this game up perfectly when they said "this was an ugly win" And it was. It was a game when the girls really had to scrap to get the win. Yes it is nice to win playing "champagne football" but that was just not possible today. And credit for that must be down to our opponents , Bedford. They worked hard, closed us down and did not allow us any space to play.

The game started with Town on the offensive, but were unable to breach a stubborn Bedford defence. Indeed Tyler in the Town goal was a mere spectator.

Then after twenty minutes what turned out to be the winning goal came. Bedford only half cleared a corner from the left, the ball fell to Natalie who chipped the ball over the keeper and into the net. Straight from the kick off Town seemed to lose their concentration, and a Bedford player went through unopposed, but thankfully Tyler was alert and she was quickly off her line to block the shot. Town then spent the next couple of minutes having to desperately defend. But half time came with the score at 1-0.

The second half saw some goal scoring chances at both ends as the game evened out a bit more, Tyler having to make a couple of saves, and at the other end Natalie and Nicole both went close. In games like this one often feels that one will not be enough, but on this day it was. So Town remain unbeaten, but there is still a lot of games still to be played starting with an away game at Crawley Green on December 2nd
